

**ATEMECH** has as its mission the allocation and optimal use of human, productive and financial resources to make its offer of products and services competitive, professional, flexible and qualitatively unexceptionable, respecting the strategic positioning and long-term profitability .

Addressing the market, **ATEMECH** pursues the constant improvement of performance at all levels, in order to fully and promptly meet the individual needs of each customer, in accordance with the laws and mandatory regulations.

The clear factors to pursue the mission are:

- THE TRUST that **ATEMECH** must generate and maintain for the development of constructive commercial technical relationships with Customers and suppliers and to motivate the human resources of **ATEMECH**
  - TRANSPARENCY as a constant in the conduct of business ethics
  - THE TEAM SPIRIT as a cohesive factor to achieve an efficient and effective overall activity and to generate a business culture consistent with the mission
  - QUALITY understood in the most complete sense as an indispensable condition for qualifying the company on the market
  - INNOVATION to be applied not only to optimize the offer but also in the management of resources, internal organization and market approach
  - THE CARE OF THE ENVIRONMENT to continue to guarantee the safety and the safeguard of the environment
  - THE RESPECT OF THE REQUIREMENTS as a commitment to their satisfaction
  - THE IMPROVED IMPROVEMENT OF YOUR MANAGEMENT SYSTEM
- Furthermore, the General Management undertakes to make available the resources necessary for compliance with the applicable European Directives and to satisfy the security requirements required by them.

For this reason, the General Management of the company, through courses and meetings, ensures that, as stated above, it is at all levels of the company included, implemented and above all supported.

The General Management, for its part, undertakes to periodically review its Quality Policy to ensure its continued suitability.

The General Management
